About Galaxyx Aurora Software

Galaxyx Aurora is a web-app used to view a list of your acquired Certificates of Authenticity (COA).

Your wallet will be displayed with a list of collected pieces.

Each piece of art is assigned a unique, unchangeable ID that will be used for authentication.

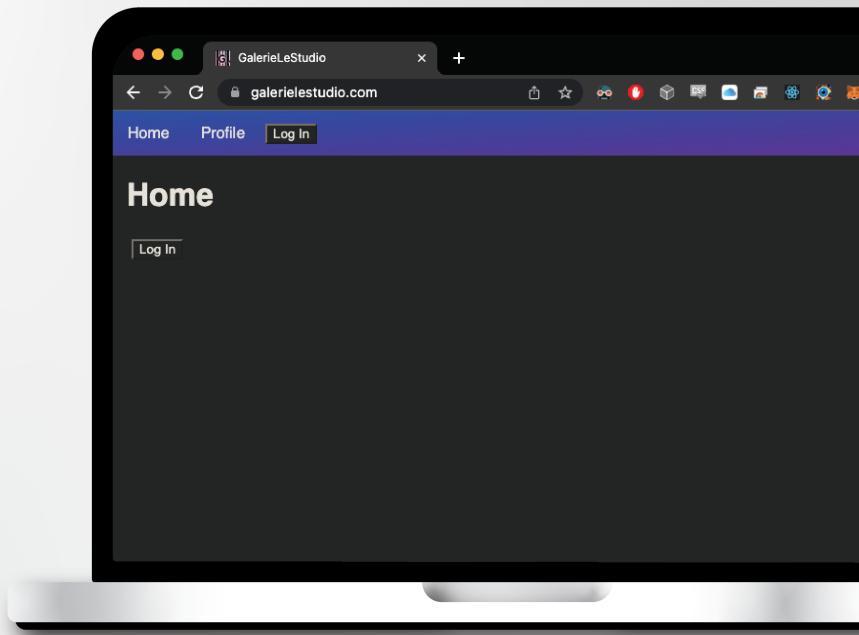

Step 1

- a. Access the Login Page at:

galerielestudio.com

- b. Click Login

- c. Login using the email you provided to Galerie Le Studio (GLS), a Password will be given to you by GLS

Step 2 - Profile Page

This page will list the account information you used to login such as the users email address, and other preferences

Step 3 - Wallet Page

View a list of your Certificates of Authenticity backed by a one of one unhackable ID saved using the Ethereum Blockchain

My Certificates of Authenticity

1 - Moon Light by Peter Rochester
[Wallet Addr](#)

2 - The Sands of Time by Usul
[Wallet Addr](#)

3 - Pelican Cove by Vinny Linguini
[Wallet Addr](#)

Click "Wallet Addr" to view your GLS Certificate of Authenticity

Step 4 - Changing Ownership of a COA

Contact Galerie le Studio (GLS) for assistance when moving a COA from one collector wallet to another.

Upon sale of a collected item, each digital Certificate of Authenticity will be used by GLS to verify ownership and art authenticity.
